To Fetehadin Negash

www.alxafrica.com

Dear Fetehadin Negash ,

On behalf of the ALX SE Program Team, we want to sincerely thank you for your incredible contribution as a member of the Catch Up Squad during Catch-Up Week.

Your willingness to share resources, support your peers, and show up for others made a real impact. You turned a challenging week into an opportunity for growth, collaboration, and confidence — and that doesn't go unnoticed.

As a Catch Up Squad member, you:

- | Posted helpful content in the Catch Up Forum to support key project areas
- | Answered technical and learning-related questions in Discord
- | Created a safe space for learners to catch up without judgment
- | Demonstrated leadership through knowledge-sharing and encouragement
- | Embodied what it means to grow by lifting others

You didn't just participate — you helped shape a more supportive and empowering learning environment. That kind of contribution is powerful, and it's exactly what builds the ALX SE Community into something special.

Please accept this letter as formal recognition of your meaningful efforts. We encourage you to highlight this experience proudly on GitHub, LinkedIn, or your resume — it reflects leadership, technical insight, and a collaborative mindset.

With gratitude,
Joy Ejiofoh
The ALX SE Program Lead
